RE: In-Situ Gamma
Spectrometry Addendum
to SCQ Approval

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to comments (RTC) on the in-situ gamma spectrometry addendum to the Sitewide Comprehensive Environmental Response, Compensation, and Liability Act Quality Assurance Project Plan (SCQ).

The RTC adequately addressed U.S. EPA's previous comments and they have been incorporated into Appendix H. Therefore, U.S. EPA approves the in-situ gamma spectrometry addendum to the SCQ.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
