Mr. Tom Schneider, Project Manager
Ohio Environmental Protection Agency
401 East 5th Street
Dayton, Ohio 45402-2911

Dear Mr. Jablonowski and Mr. Schneider:

SUBMITTAL OF THE VORTEC WORK PLAN AND QUALITY ASSURANCE PLAN

Enclosed, for your perusal, are the documents submitted by the subcontractor, VORTEC, who is one of the four Proof of Principle (POP) testing contractors to the Fluor Daniel Fernald, Inc. (FDF). As per the contract requirement, VORTEC was required to submit the work plan and the Quality Assurance (QA) Plan for FDF's review and approval prior to initiation of the testing at VORTEC's facility. Enclosed documents were reviewed and approved by the FDF, and VORTEC initiated their testing in the week of September 7, 1998.

Upon completion of the POP testing per the contract, VORTEC will be submitting the final report to FDF for review and approval. At that time, as per our agreement, the final report will be submitted for your review and comment. The performance period of the contract is 45 weeks and this schedule is on the critical path for the completion of the revised Feasibility Study/Proposed Plan (FS/PP) and Record of Decision (ROD) Amendment.

The remaining three POP work plans and QA plans will be submitted to you in the same manner as they become available. The expected submittal time for the remaining documents is from mid September to early October 1998.

Mr. Gene Jablonowski
Mr. Tom Schneider
