Dear Mr. Jablonowski and Mr. Schneider:

SUBMITTAL OF THE ENVITCO WORK PLAN AND QUALITY ASSURANCE PLAN

Enclosed for your perusal are the documents submitted by the subcontractor, Envitco, who is one of the four Proof of Principle (POP) testing contractors (Joule-Heated Vitrification) to the Fluor Daniel Fernald, Inc., (FDF). As per the contract requirement, Envitco was required to submit the work plan and the Quality Assurance (QA) plan for FDF approval prior to initiation of the testing at Envitco's facility. Enclosed documents were reviewed and approved by the FDF and Envitco is now poised to initiate their testing.

Upon completion of the POP testing per the contract, Envitco will be submitting the final report to FDF for review and approval. At that time, as per our agreement, the final report will be submitted for your review and comment. The performance period of the contract is 48 weeks and this schedule is on the critical path to the completion of the revised Feasibility Study/Proposed Plan (FS/PP) and Record of Decision (ROD) Amendment.

The remaining two vendors' POP work plans and QA plans will be submitted to you in the same manner as they become available. The expected submittal time for the remaining documents is in the month of October 1998.

Mr. Gene Jablonowski
Mr. Tom Schneider
