Dear Mr. Epstein:

TRANSMITTAL OF FINAL COPIES OF FERNALD ENVIRONMENTAL MANAGEMENT PROGRAM HISTORICAL REPORTS

Enclosed please find a copy of each of the following: "Historical Documentation of Facilities and Structures at the Fernald Site" and "Historical Documentation of the Fernald Site and Its Role Within the U.S. Department of Energy Weapons Complex." Both historical reports were prepared pursuant to the Programmatic Agreement regarding Disposition of Facilities under the Operable Unit 3, Record of Decision (ROD) for Interim Remedial Action at the Fernald Environmental Management Project (FEMP).

A draft of each report was submitted to the Ohio Historic Preservation Office for review. Suggested changes have been incorporated. Additional information was provided on the support buildings at the FEMP. Information in the text was updated to reflect changes in remediation activities and schedules (as of January 1998); and photographs of the buildings and structures were included.

The architectural drawings in Appendix B submitted with the Draft have not changed. The copies sent to you with the Draft are considered as part of the final submittal. Please contact us if you need additional copies.

Copies (8 x 10 prints) of the photographs used in the Appendices of both of the documents will be sent to you at a later date.
