RE: Final OU 1 First Loadout RA Work Plan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Final Remedial Action (RA) work plan for first loadout activities at Operable Unit (OU) 1 and Responses to Comments.

The responses have adequately addressed U.S. EPA's previous comments and they have been incorporated into the RA work plan.

Therefore, U.S. EPA approves the final RA work plan for first waste loadout at OU 1.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
