RE: DOE FEMP
APPROVAL: SOUTH FIELD FIRING
RANGE REMEDIATION APPROACH

Mr. Johnny Reising
U.S. Department of Energy, Fernald Area Office
P.O. Box 538705
Cincinnati, OH 45253-8705

Dear Mr. Reising:

Ohio EPA has reviewed DOE's March 30, 1999 submittal, "Transmittal of Draft Operable Unit 2 South Field Firing Range Remediation Approach and Fact." Based upon this review Ohio EPA approves the proposed changes to the remediation approach for the firing range. Obviously notification of stakeholders is an important next step in this process. Ohio EPA recommends DOE provide FRESH a briefing on the change and incorporate the subject within the next Monthly Progress Briefing.

If you have any questions, please contact me at (937) 285-6466.

Sincerely,

Thomas A. Schneider
