- Four *Silos 1 and 2 Proof-of-Principle (POP) Testing Reports* are available at the PEIC. These reports contain results from rigorous testing of proven and commercially available remediation technologies in order to evaluate their potential use for treating the material contained in Silos 1 and 2. Stakeholders can provide written comments on the reports to:

Gary Stegner
P.O. Box 538705
Cincinnati, Ohio 45253-8705

DOE will also accept verbal comments at the July 13 Cleanup Progress Briefing, which will be held at the Fernald site beginning at 6:30 p.m.
