RE: RCRA/CERCLA INTEGRATED CLOSURE ACTIVITY - U.S. DOE-FEMP

Dear Mr. Reising:

In reference to your letter of May 26, 1999, (Letter; J. Reising, DOE, to T. Schneider, OEPA, "SUBMITTAL OF PROJECT COMPLETION REPORT FOR DECONTAMINATION OF HAZARDOUS WASTE MANAGEMENT UNIT NUMBER 50 - URANYL NITRATE HEXAHYDRATE TANKS, HOT RAFFINATE BUILDING AND HAZARDOUS WASTE MANAGEMENT UNIT NUMBER 28 - TRANE INCINERATOR") this office has completed review of the project completion report. This report presents results of decontamination activity and waste disposition of structures, equipment and materials associated with closure of Hazardous Waste Management Unit (HWMU) No. 50, and HWMU No. 28.

Ohio EPA accepts the information provided in this report and concurs with the conclusions as presented in Section 4.0. Closure activity of these HWMU's is conducted consistent with the RCRA/CERCLA Integrated Closure Agreement, established by Ohio EPA DF&O's in June, 1996.

Should you have any questions in this matter, please contact me at (937) 285-6090.

Sincerely,

Phillip C. Harris
Division of Hazardous Waste Management

cc: Terry Hagen, FDF
Tom Schneider, OEPA OFFO
