RE: AWWT Soil Stockpile  
Sampling PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for sampling of the Advanced Wastewater Treatment (AWWT) facility soil stockpile for On-Site Disposal Facility (OSDF) Waste Acceptance Criteria (WAC).

The PSP provides a sampling strategy for WAC attainment at the AWWT soil stockpile.

The sampling strategy appears adequate. Therefore, U.S. EPA approves the AWWT soil stockpile PSP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
