RE: A8, P2, and A6
Certification Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 8, Phase 2 (A8,P2) and Area 6 triangle area certification report.

The certification provides information and data used to demonstrate that the remaining soil in A8,P2 and the A6 triangle area meets final remediation levels.

The information appears accurate and U.S. EPA approves the A8,P2 and A6 triangle area certification reports.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
