**RE: DOE FEMP CONDITIONAL APPROVAL: PSP FOR A2P1 NWU and A2P11  
Part One and Response to Comments**

Dear Mr. Reising:

Ohio EPA has reviewed DOE's September 8, 1999 submittals; 1) Project Specific Plan for Predesign Sampling in the Area 2, Phase I Non-Waste Units and Area 2, Phase II - Part One, 2) Draft Responses to Ohio EPA Comments on the Project Specific Plan for Predesign Sampling in the Area 2, Phase I Non-Waste Units and Area 2, Phase II - Part One. Based upon our review, Ohio EPA conditionally approves the PSP and Responses to Comments. The condition for Ohio EPA approval is: all samples, not just A2P1-NWU-16 through 30, that are being taken for analytical purposes must be analyzed for the primary radionuclide contaminants.

If you have any questions, please contact Michelle Waller, Donna Bohannon or me.

Sincerely,

Thomas A. Schneider  
Fernald Project Manager
