RE: AWWT Soil Stockpile
WAC Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Waste Acceptance Criteria (WAC) report for the Advanced Wastewater Treatment (AWWT) facility soil stockpile

The report provides the results of sampling activities at the AWWT soil stockpile to determine if the soil meets the WAC criteria for placement in the On-Site Disposal Facility (OSDF).

The reports appears adequate and consistent with similar soil stockpile efforts. Therefore U.S. EPA approves the WAC report for the AWWT soil stockpile, and the material can be placed in the OSDF.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
