RE: A2,P3 Part One
 Certification Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) certification report for Area 2, Phase 3 (A2,P3) Part One.

The document provides information to determine that the existing soil in the A2,P3 Part One area does not exceed final remediation levels.

U.S. EPA finds the certification report adequate and approves the A2,P3 Part One certification report.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
