Dear Mr. Pardi and Mr. Savage:

**FERNALD ENVIRONMENTAL MANAGEMENT PROJECT FISCAL YEAR 1999 SITE  
TREATMENT PLAN ANNUAL UPDATE**

Reference: Letter and Director's Findings and Orders, Thomas E. Crepeau to Phil Hamric,  
dated October 4, 1995.

Enclosed is the Fernald Environmental Management Project's (FEMP) Fiscal Year (FY) 1999 Site Treatment Plan (STP) Annual Update. The submittal of this report is required by Section V.C. of the referenced Director's Findings and Orders (DF&O) and provides an update of the FEMP's progress in treating its mixed waste inventory during FY99.

The FEMP is also proposing, with this submittal, to establish additional milestones for the treatment of a population of uranium materials that were declared waste in December 1998. The milestone for providing these schedules with the submittal of this Update was identified in the proposed amendments to the FEMP's STP transmitted to the Ohio Environmental Protection Agency (OEPA) in December 1999. Additional information regarding these proposed milestones is provided in Section 3.7 of the STP Annual Update. The revision affects page 14 of the proposed STP amendments and shifts text to page 15. Replacement pages to the STP are provided with the STP Annual Update as Appendix A. The proposed text changes are identified with redlines and strikeouts for easy identification.

Mr. Paul Pardi  
Mr. Michael Savage
