RE: Notification of Need to Amend Fernald Site Treatment Plan

Dear Mr. Craig:

Ohio EPA has conducted an initial review of the Notification of Need to Amend the Fernald Site Treatment Plan (STP) which was submitted on December 21, 1999. Based on the initial review of this document, the Ohio EPA has determined that the proposed amendment constitutes a "revision" to the approved STP as that term is defined in the October 4, 1995 Director's Final Findings & Orders. This letter serves as written notification to you of this determination as directed by section 1.D.v. of the Orders. Ohio EPA will also be issuing a public notice of the proposed revision as required by this section of the Orders.

Ohio EPA will be conducting an additional review of the proposed amendment and will approve, approve with modifications, or disapprove the revised STP in a timely manner, and will notify you accordingly. If you have any questions concerning the review of this amendment, please contact Phil Harris at 937-285-6090.

Do not hesitate to contact me at 937-285-6079 if I can provide you with any additional assistance.

Sincerely,

Paul D. Pardi
Supervisor
Division of Hazardous Waste Management
