Subject: Silo 3 Project Site Preparation Package

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the above-referenced request letter prepared by the Department of Energy, Fernald Environmental Management Project (DOE-FEMP) and submitted to U.S. EPA, originally dated November 10, 1999.

In this letter, DOE-FEMP seeks U.S. EPA concurrence to submit a Silo 3 Project Site Preparation Package, containing elements of the Remedial Design (RD) Package. Documents contained in the Site Preparation Package would be submitted prior to, but not duplicated in, the RD Package. The remaining RD Package documents would be submitted by the RD Deliverables Schedule with a commitment dated of June 1, 2000. DOE-FEMP provided an outline of the Site Preparation Package and RD Package respective document contents.

U.S. EPA has reviewed this request letter, concurs and therefore approves it. Please contact me at (312) 886-4591 if you have any questions.

Sincerely,

Gene Jablonowski
