Mr. Tom Schneider, Project Manager
Ohio Environmental Protection Agency
401 East 5th Street
Dayton, Ohio 45402-2911

Dear Mr. Saric and Mr. Schneider:

**TRANSMITTAL OF THE REVISED AREA 1, PHASE III CERTIFICATION DESIGN LETTER
AND PROJECT SPECIFIC PLAN FOR AREA 1, PHASE III CERTIFICATION SAMPLING**

Enclosed for your review are the revised Area 1, Phase III (A1PIII) Certification Design Letter (CDL) and the Project Specific Plan (PSP) for A1PIII Certification Sampling. A1PIII is the 107-acre portion of the Fernald Environmental Management Project (FEMP) located on the northern boundary between Paddys Run and the Old North Access Road. These documents have been revised based upon information about soil disturbance in this part of the site and also to include the final certification locations, which have been surveyed in the field.

The revised CDL describes historical data and the revised Certification Unit (CU) design and schedule for certification of A1PIII. The revised PSP provides details of certification sampling, laboratory analysis, and data validation. In addition, details of the supplemental real-time scan previously documented in Variance/Field Change Notice 20702-PSP-0001-1 have been consolidated into the PSP. The Department of Energy (DOE) intends to begin certification sampling in open field CUs this spring, as soon as you approve of these documents.

Mr. James A. Saric
Mr. Tom Schneider
