RE: A2,P1 Precertification
Real Time Scan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 2, Phase I (A2,P1) precertification real time scan.

This project specific plan provides information regarding the collection of real time data in A2,P1, excluding the South Field for precertification.

The document appears adequate and is consistent with other similar documents. Therefore, U.S. EPA approves the project specific plan.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
