### QUARTERLY REPORT

In response to the Ohio Environmental Protection Agency (OEPA) comments on the Draft Remedial Action Package, the Department of Energy (DOE), Fluor Fernald, Inc., and IT Corporation agreed to provide quarterly reports of any deviations or excursions from emissions limitations, operational restrictions, and control device operating parameter limitations, for the dryer stack. If no deviations or excursions occurred during the affected calendar quarter, a report stating so is required.

This letter is intended to satisfy this commitment for calendar quarter January 2000 through March 2000. No deviations or excursions occurred during that time.
