RE: Area 3A Stockpile PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for the Area 3A miscellaneous soil stockpiles Waste Acceptance Criteria (WAC) sampling for disposal in the On-Site Disposal Facility (OSDF).

This PSP provides a plan for sampling the soil in the stockpiles to determine if the soil meets the WAC for the OSDF.

The document appears adequate and consistent with other documents. Therefore, U.S. EPA approves the area 3A soil stockpile PSP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
 Remedial Project Manager  
 Federal Facilities Section  
 SFD Remedial Response Branch #2
