DOE-0894-00

Mr. Tom Schneider, Project Manager
Ohio Environmental Protection Agency
401 East 5th Street
Dayton, Ohio 45402-2911

Dear Mr. Saric and Mr. Schneider:

TRANSMITTAL OF COLOR COPIES OF THE 1999 INTEGRATED SITE ENVIRONMENTAL REPORT

Reference: Letter, DOE-0726-00, J. Reising to J. Saric and T. Schneider, "Transmittal of the 1999 Integrated Site Environmental Report," dated May 25, 2000

This letter transmits color copies of the Fernald Environmental Management Project's (FEMP) 1999 Integrated Site Environmental Report. The color copies of the summary report are intended to replace the black and white reproduction copies previously transmitted to you (referenced letter).

Of note, several corrections have been made in the color version of the summary report, including:

- Minor grammatical corrections
- Correction of units in Table 2-2 from mg/L to $\mu\text{g/L}$ for surface water and groundwater Final Remediation Levels (FRL) for total uranium
- Corrections to the volume of water re-injected into the aquifer on Pages 40 and 49 of the black and white copies.

The total volume of water re-injected and the net groundwater extracted during 1999 also were incorrectly reported in Table A.1-1 of Appendix A.1. The total volume of water re-injected should have been reported as 584.267 million gallons, while the net groundwater extracted should have been reported as 5,053.756 million gallons. Because

AUG 01 2000

Mr. James A. Saric
Mr. Tom Schneider

the appendices will not be reissued with the color version of the annual report, this clarification is being identified through this letter. Finally, the last page of text in Chapter 7, which was omitted from the black and white version, has been included in the color copy.

If you have any questions concerning this report, please contact Kathleen Nickel at (513) 648-3166.

Sincerely,

Johnny W. Reising
Fernald Remedial Action
Project Manager
