RE: A1,P3 Part 2
Certification
Design Letter

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 1, Phase 3 (A1,P3) Part 2 Certification Design Letter (CDL).

This document provides an approach for certifying A1,P3 Part 2, the area north of the railyard and east of the fire training area.

The overall approach presented in the CDL appears adequate and is consistent with other area CDLs. Therefore, U.S. EPA approves with two minor issues that need to be addressed the A1,P3, Part 2 CDL.

U.S. DOE must submit change pages reflecting adequate responses to the attached comments within thirty (30) days of receipt of this letter.
