RE: IMPP Changed Pages

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) December 21, 2000, change pages to the Impacted Material Placement Plan for the On-Site Disposal Facility (OSDF).

The change pages modify the definition of Category 4 materials from compressible to decomposable materials. These changes are adequate. Therefore, U.S. EPA approves the change pages to the IMPP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
