RE: A1,P3 Implementation Plan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) implementation plan for the Paddys Run debris removal/bank stabilization in Area 1, Phase 3 (A1,P3).

This document provides an approach for remediation at and below-grade debris in A1,P3, part one and in an adjacent section of Paddys Run.

The overall approach presented appears adequate and describes the approach to remove the debris. Therefore, U.S. EPA approves the implementation plan this portion of A1,P3 and Paddys Run.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
