RE: A2,P2 Part 3 Certification  
Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 2, Phase 2 (A2,P2) Part 3 certification report for the Soil Stockpile 3 footprint. The document provides the certification results for the above portion of A2,P2.

The certification report appears adequate and the data support U.S. DOE's conclusion that final remediation levels for soil were successfully achieved in the A2,P2 Part 3 Soil Stockpile 3 footprint. However, U.S. EPA has noted one minor error in the certification statistical tables in Appendix A, which must be corrected.

Therefore, U.S. EPA approves the A2,P2 Part 3 certification report. U.S. DOE must submit change pages correcting the errors in the statistical tables in Appendix A, as noted by U.S. EPA's enclosed comment.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
