RE: A8,P2 Natural Resource
Restoration Project
Completion Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 8, Phase 2 (A8,P2) final natural resource restoration project completion and lessons learned report.

This report documents significant changes made to natural resource activities in A8,P2 during its field implementation and lessons learned.

The documentation appears adequate and U.S. EPA concurs with the natural resource project completion and lessons learned report for A8,P2.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
