RE: APPROVAL - Revision to Best Available Technology Policy for Controlling Fugitive Dust Emissions at the Fernald Environmental Management Project

Dear Mr. Reising:

Ohio EPA has reviewed DOE's request, "Revision to Best Available Technology Policy for Controlling Dust Emissions at the Fernald Environmental Management Project". We approve the change in speed limit from 15 miles per hour to 20 miles per hour on paved roadways at the FEMP. This approval is contingent upon FEMP maintaining the requirements for visible emissions of fugitive dust on paved roadways as prescribed in RM-0047, "Fugitive Dust Control Requirements" and OAC Rule 3745-17-12.

If you have any questions, please contact me at (937) 285-6466.

Sincerely,

Thomas A. Schneider
