Mr. Tom Schneider, Project Manager
Ohio Environmental Protection Agency
401 East 5th Street
Dayton, Ohio 45402-2911

Dear Mr. Jablonowski and Mr. Schneider:

**IMPLEMENTATION PLAN FOR ABOVE-GRADE DECONTAMINATION DISMANTLEMENT OF
THE MULTI-COMPLEX**

This letter transmits the Multi-Complex Implementation Plan for Above Grade Decontamination and Dismantlement (D&D) Activities. The Multi-Complex Implementation Plan has combined five individual Implementation Plans into the enclosed single plan in an effort to reduce cost and provide for an earlier project completion as compared to individual complexes. The five complexes and related Implementation Plan submittal dates combined are the following: Plant 3 Complex (July 1, 2001); General Sump Complex (July 1, 2001); Plant 2 Complex (July 2, 2001); Plant 8 Complex (October 3, 2001); and Liquid Storage Complex (March 28, 2002).

The enclosed Implementation serves as the sole remedial design documentation being submitted for regulatory approval, pursuant to the Operable Unit 3 (OU3) Integrated Remedial Design/Remedial Action Work Plan. Accordingly, this implementation plan has been prepared to document to the applicable engineering design elements and strategies for project execution. The implementation schedule contains three regulatory milestones: 1) Notice to Proceed; 2) Start of Field Activities; and 3) Completion of Field Activities.
