**SUBJECT: RETURN TO COMPLIANCE NOTICE**

Dear Sirs:

As a result of a complaint investigation conducted by Ohio EPA's Southwest District Office, the U.S. Department of Energy Fernald Environmental Management Project, (DOE-FEMP) was found to be in violation of certain hazardous waste management requirements. A Notice of Violation (NOV) outlining the violations was issued to DOE-FEMP on April 9, 2001.

DOE-FEMP's response to the NOV was received by this office on April 27, 2001. Based upon a review of the documentation provided by the facility, this office considers that DOE-FEMP representatives have taken the appropriate measures to abate those violations cited in the April 9, 2001 NOV.

Thank you for your cooperation. Should you have any questions in this matter, please contact me at 937-285-6090.

Sincerely,

Phillip C. Harris  
Division of Hazardous Waste Management
