RE: A1,P3 Part 1 Certification Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's Area 1, Phase 3 (A1,P3) Part 1 certification report.

The document provides the information and data used by U.S. DOE to determine that the soil in A1,P3 Part 1, which is located in the northern portion of the site between Paddys Run creek and the old north access road, meet final remediation levels.

The certification report adequately demonstrates that the area has achieved the final remediation levels, and is consistent with other certification reports. Therefore, U.S. EPA approves the A1,P3 Part 1 certification report.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
