RE: Approval of the OU #2
Geotechnical Sampling and
Testing Work Plan

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the Responses To Comments (RTC) and the revised Operable Unit 2: Geotechnical Sampling and Testing of the Solid Waste Landfill and Proposed On-Site Waste Disposal Cell Work Plan.

The RTC has adequately addressed U.S. EPA's comments, which have been incorporated into the Work Plan. Therefore, U.S. EPA hereby approves the Work plan.

Please contact me at (312) 886-0992 if you have any questions.

Sincerely,

James A. Saric, Remedial Project Manager
