RE: Approval of the OU 3 RD/RA  
Work Plan and Building 4A  
Implementation Plan

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the Draft Final Operable Unit (OU) 3 Remedial Design (RD)/Remedial Action (RA) Work Plan and Building 4A Implementation Plan. The draft final RD/RA work plan adequately addressed and incorporated all of U.S. EPA's previous comments. The revised Building 4A Implementation Plan is clearer and provides much more detail.

Therefore, U.S. EPA hereby approves the OU 3 RD/RA Work Plan and Building 4A Implementation Plan.

Please contact me at (312) 886-0992 if you have any questions.

Sincerely,

James A. Saric
