RE: OU-4 TEST PLAN DOCUMENT --
FOR PHASE I AND PHASE II

Mr. Jack Craig
Project Manager
US DOE FEMP
P.O. Box 398705
Cincinnati, Ohio 45329-8705

Dear Mr. Craig:

On September 27, 1994, a meeting was held between Ohio EPA, U.S. EPA and FERMCO in order to discuss concerns regarding the submittal of Phase I and Phase II of the OU-4 Treatability Study Work Plan. The original submittals were deficient in certain areas and FERMCO agreed to supply additional information in the form of a test plan document for Phases I and II. At the meeting, FERMCO anticipated a November 1994 completion date of the test plan, but as of January 1995, the document has not been received. This information is necessary in order to review and approve the OU-4 RDWP.

Ohio EPA requests that the test plan document be forwarded to this office immediately to expedite our review of the RD Work Plan. If you have any questions, please contact Kelly Kaletsky (285-6454) or me.

Sincerely,

Thomas A. Schneider
