Subject: Approval of Revised Draft "Remedial Action Work Plan for Radon Control System (RCS) Phase I Operation" from Responses to U.S. EPA Comments

Dear Mr. Reising:

The United States Environmental Protection Agency (EPA) has completed its review of the August 16, 2001 letter providing U.S. Department of Energy's (DOE) responses to EPA comments on the revised draft "Remedial Action (RA) Work Plan for Radon Control System (RCS) Phase I Operation" (document) and replacement pages for the document. The letter and replacement pages for the document adequately address EPA concerns regarding emergency power for the Radon Control System. Therefore, EPA approves the revised draft "Remedial Action Work Plan for Radon Control System Phase I Operations." Please contact me at (312) 886-4591 if you have any questions.

Sincerely,
