Dear Mr. Saric:

**TRANSMITTAL OF SITEWIDE COMPREHENSIVE ENVIRONMENTAL RESPONSE,
COMPENSATION, AND LIABILITY ACT QUALITY ASSURANCE PROJECT PLAN
DOCUMENT CHANGE REQUESTS**

The purpose of this letter is to transmit, for your review and approval, the draft proposed changes (Document Change Requests (DCR)) to the Sitewide Comprehensive Environmental Response, Compensation, and Liability Act Quality Assurance Project Plan (SCQ). Each enclosed DCR contains specific revisions or additions to the SCQ. Also included is a detailed "Summary of Proposed Changes" to facilitate your review. This summary consists of a list of the DCRs, a brief description of each individual DCR, and the sections of the SCQ affected by each DCR. The summary also gives a listing of each section of the SCQ and the DCRs applying to each section. The DCRs and the current version of the SCQ will be provided as an electronic copy, as an Adobe Acrobat pdf file.

During the informal review period, the Ohio Environmental Protection Agency (OEPA) provided several comments (see enclosed responses). These changes have not been incorporated into the enclosed revision.

Most of the proposed changes are minor technical corrections (such as the replacement of cancelled DOE Orders, the removal of analytical methods no longer used, or the addition of references to the Integrated Safety Management). However, four of the DCRs represent more significant or substantive changes and have been specially noted in the attached Summary of Proposed Changes.

AUG 16 2001

Mr. James A. Saric
