RE: Approval - Direct Haul of Bulk Waste to WPRAP

Dear Mr. Reising:

Ohio EPA has reviewed the "Direct Haul of Bulk Waste Materials to the Waste Pits Remedial Action Project" submitted by DOE on November 7, 2001. Ohio EPA approves of the approach and methods listed for managing bulked wastes in the WPRAP. However, written notification should be provided to Ohio EPA prior to waste material transfer for any additional wastes not specifically detailed in this letter's Attachment 3. A similar level of detail on waste types and volumes should be provided for any additional proposed waste material management through the WPRAP.

If there are any questions, please contact me at (937) 285-6466.

Sincerely,

Thomas A. Schneider
