Dear Mr. Saric and Mr. Schneider:

TRANSMITTAL OF THE PROJECT SPECIFIC PLAN FOR CONDUCTING DIRECT-PUSH SAMPLING IN THE SOUTH PLUME

The purpose of this letter is to transmit the Project Specific Plan for conducting direct-push sampling in the South Plume portion of the Great Miami Aquifer for your review. Efforts are underway to obtain the necessary right-of-entry access agreement. The results from this sampling effort will be used to update the uranium contamination contours for the area and support the design of a Phase II South Plume Optimization module, if necessary.

If you have any questions about the plan, please contact Robert Janke at (513) 648-3124.

Sincerely,

Johnny W. Reising
Fernald Remedial Action
