RE: OSDF Phase IV Technical  
Specifications

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) On-Site Disposal Facility (OSDF) phase IV technical specification-Agency approval crosswalk. The purpose of the Agency crosswalk document is to demonstrate prior agency approval of the Area 3A/4A excavation technical specifications called into question in U.S. EPA's previous letter disapproving the OSDF phase IV package.

The Agency crosswalk document adequately demonstrates U.S. EPA's prior approval of the technical specifications. Therefore, U.S. EPA approves the OSDF phase IV document package.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
