RE: South Field Phase II  
Technical Specifications  
Responses to Comments

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) on the South Field extraction system phase II technical specifications.

The RTC have adequately addressed U.S. EPA's previous comments, and U.S. EPA approves the South Field Phase II technical specifications. U. S. DOE must submit a final version of the technical specifications for U.S. EPA's files within thirty (30) days receipt of this letter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
