RE: Waste Pit Project Haul Road
Routing Amendment

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) May 1, 2003, letter regarding the rerouting of the haul road for excavated materials from waste pits 4, 5, and 6.

The road routing amendment appears technically adequate. Therefore, U.S. EPA approves the change in the haul road and the related dust control and stormwater management activities.

If you have any questions regarding this matter, please contact me at (312) 886-0992.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
