RE: A6,PI RTC on CDL and
Certification PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) and final Certification Design Letter (CDL) and Project Specific Plan (PSP) for Area 6, Phase I (A6,PI) certification sampling. These documents propose the certification approach and sampling and analysis procedures for A6,PI.

The RTC have adequately addressed U.S. EPA's previous comments documents appear technically adequate and consistent with other similar documents. Therefore U.S. EPA approves the A6,PI documents.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
