RE: A8,P3 Restoration Design  
Plan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 8, Phase 3 (A8,P3) natural resource restoration design plan. The document provides a plan for prairie establishment and forest restoration to expand the riparian corridor along Paddys Run.

The document appears technically adequate and is consistent with similar documents. Therefore, U.S. EPA approves the design plan.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
