RE: OSDF Manifesting

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) September 5, 2003, letter requesting concurrence to streamline the manifesting approach for impacted materials between area 3A and the On-Site Disposal Facility (OSDF).

U.S. EPA concurs with the use of this streamlined approach for the specific areas highlighted in the letter, and requests we revisit this issue with a lessons-learned discussion at the conclusion of the construction season.

If you have any questions regarding this matter, please contact me at (312) 886-0992.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
