RE: A6 OU 1 Stockpile
IRDP Final

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) October 21, 2003, change page for the Integrated Remedial Design Package (IRDP) for the Area 6 (A6) Operable Unit (OU) 1 stockpile.

The submittal and change page indicate that the original documents referenced but missing from Appendix D were not applicable and listed in error. U.S. EPA concurs with this assessment.

Therefore, U.S. EPA approves the A6 OU 1 stockpile IRDP. Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
