RE: OSDF IMPP Addendum 2,
Revision 3

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) On-Site Disposal Facility (OSDF) Impacted Material Placement Plan (IMPP) Addendum 2, Revision 3. This Addendum describes the procedures for placement of bagged and no-bagged impacted material in a checkerboard pattern and utilizing a two lift per grid placement approach in the lower horizon of a cell.

This approach appears technically adequate and protective for disposal of the proposed impacted materials. Therefore, U.S. EPA approves the IMPP Addendum 2, Revision 3

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
