 2. Letter, Thomas Schneider to Johnny Reising, "Approval – Project Completion Report For The OU3 Misc Small Structures PII Decontamination And Dismantlement Project," dated November 27, 2006

Enclosed are responses to the United States Environmental Protection Agency (U.S. EPA) comments on the Miscellaneous Small Structures Phase II Decontamination and Dismantlement (D&D) Project Completion Report. Also enclosed are change pages incorporating the comments from U.S. EPA. Ohio EPA approved this document without comment (Reference 2).

During the review and revision of this document it was discovered that Component 28J (South Access Road Security Check Point) was inadvertently left out of this project completion report. This component has now been added resulting in several additional change pages. A table is included identifying all required change pages.
