RE: Misc. Small Structures  
Phase 2 Amendment 1 D&D  
Responses to Comments

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comment (RTC) and change pages to the miscellaneous small structures phase 2 project amendment 1 for above grade Decontamination and Dismantlement (D&D) of additional components.

The RTC and change pages have adequately incorporated U.S. EPA's previous comments. Therefore, U.S. EPA approves the project implementation plan.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
