RE: Legacy Management and  
 Institutional Control Plan  
 Revision C, RTC

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) on the revised comprehensive Legacy Management and Institutional Control plan (LMIC), revision C.

The RTC appear to address U.S. EPA's comments, however the changes must be incorporated into the next revision of the LMIC.

Therefore, although U.S. EPA approves the latest RTC, the LMIC can not be approved until a revision of the document is submitted, which is scheduled for the end of September.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
