RE: A1,P2 Dissolved Oxygen Building

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for the predesign of Area 1, Phase 2 (A1,P2) dissolved oxygen building area. This PSP describes data collection activities in support of predesign of the dissolved oxygen building.

The PSP appears technically adequate and is consistent with similar documents. Therefore U.S. EPA approves the PSP for predesign of the A1,P2 dissolved oxygen building.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
 Remedial Project Manager
