RE: A2, P2-Subarea 3

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for the Area 2, Phase 2 (A2, P2) Subarea 3 trailer complex area and aquifer project laydown area. This PSP describes data collection to support excavation control and precertification in these areas.

The PSP appears technically adequate and is consistent with similar documents. Therefore U.S. EPA approves the PSP for A2, P2 Subarea 3 trailer complex area and aquifer project laydown.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
